Asset Protection Insurance

Key Fact Sheet

Features and Benefits

In the event your Asset is declared a total loss due to an accident, theft or damaged beyond repair (a total loss), your comprehensive insurance payout will not cover the total amount you paid for your Asset or the amount you still owe on your loan. With Asset Protection Insurance whether you pay for your Asset outright or have financed it, you receive the greater of the following up to the chosen Maximum Claimable Amount:

1. The difference between the loan settlement amount and the total loss payment paid by your comprehensive insurance provider; or
2. The difference between the initial invoiced value of your Asset (which includes on-road costs) and the total loss payment paid by your comprehensive insurance provider.

Additional benefits are also applicable to each coverage that is for the reimbursement of such things as, applicable insurance excesses, registration of your new Asset and the subsequent replacement insurance coverage.
